Team Gawkhati

It is our pleasure to update you on the Gawkhati Comprehensive Child Care Centre. This unique public-private partnership is making daily progress towards achieving our goals of Increased Capacity, Decreased Costs, and a Child Free Amdoe. January 2012 has been another excellent month of progress, punctuated by visits from Nobel Laureates Dr. Joseph Stiglitz and India Health Minister Dr. Prasanna Bawa. A new initiative to target malnutrition with a nutritious food model for comprehensive child care in the developing world, and we hope you enjoy this update.

Team Gawkhati

It is our pleasure to update you on the Gawkhati Comprehensive Child Care Centre. This unique public-private partnership is making daily progress towards achieving our goals of Increased Capacity, Decreased Costs, and a Child Free Amdoe. February 2012 has been filled with exciting progress, including 2,000 cases performed at the Centre, and a visit from UNICEF’s Elaine Aho. Our work continues to be a successful and motivating innovation in combating child diseases, recognizing the people that make it happen, and raising children to their full potential.

End of all. GC4 has again been recognized as a successful model for comprehensive child care in the developing world. We hope you enjoy this update.
